

## Sad

Most school's graduation ceremony has hold on March.  
Students leave the nest from their alma mater with their wish and dream.  
This morning, I have known the news about the death of elementary school students.  
One elementary school was collapsed in Nigeria.  
By this news, at least 8 students died.  
Many students have buried under the rubble.  
One side 2 students of elementary school died in Toyota city.  
By this news, they may kill themselves by jumping from apartment house.  
There are the fact of children's death and in any case the lives of children who have ability about future have lost.  
I think that both cause are complex and many.  
We, adult and society, must think that we could or not avoid them.  
All adults live in the world want all children to grow up toward their future and dream.  
At least we must care the children.

卒業式を迎えます。  
将来への希望と共に巣立ちます。  
小学生に關した痛ましいニュースがあつた。  
ナイジェリアでは、小学校が入っていた建物が崩落し、少なくとも8人の児童が亡くなつた。まだ、がれきの下に多くの児童がいるようだ。  
また、豊田市では小学生2人の飛び降りである。  
どちらにしても、将来ある子供の命が絶たれたのである。  
子供は、皆が将来の夢へ向かつて健やかに育ってほしいものだ。
